

Neland Church

Worship Guide for Children

Sunday, January 2, 2021

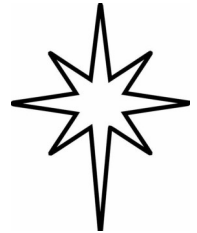

We often think of the STAR when we think of Epiphany. Go on a search through your house. How many stars can you find? Or if you're in church ... how many stars can you find?

We come to worship God! We are celebrating

Epiphany

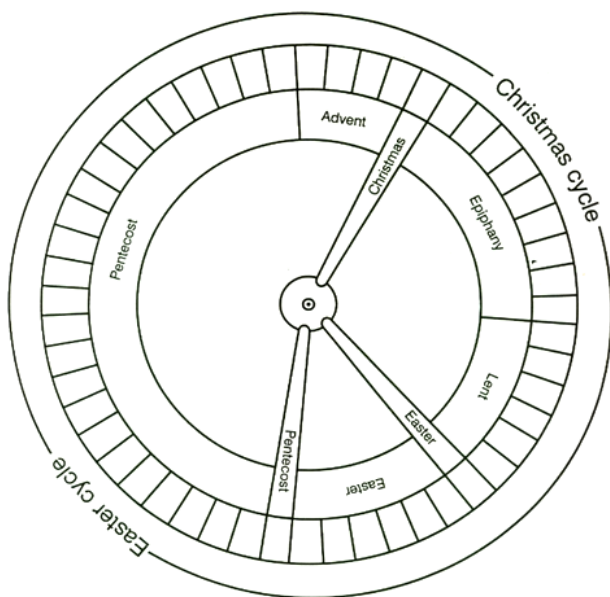

a time we remember the coming of the Magi, who tell us that God's salvation is open to all people.

Epiphany is known as the "season of light." Jesus said, "I am the _____ of the world" (in John 8:12). He calls us, as our Bright and Morning Star, to walk in the light of the Lord and lead people to God the way the S _____ led the wise men to Jesus.

What is one way that you can show your friends and family the light of God? _____

What are some "dark things" that we really need Jesus to shine his light and hope into?

Idea for family devotions. Color your star.

Read Isaiah 60: 1-6. Share ways that you have seen the light of Christ shine in the darkness of the world. Give God praise and share your star (below).

Share your star with Mrs. Hendriksen and we'll use it in the service next week! dhendriksen@neland.org
