Worship Guide for Children

Sunday, February 12, 2022

Be a detective!

How many of God's children are in your class at school? Be sure to count EVERYONE!

God creates all his children **in his image**—to be like him in loving and caring and celebrating his beautiful world!

Look around you—at home, in church, on the screen.

Write down 10 things you notice about the people around you.

Say THANK YOU to God for each person you see.

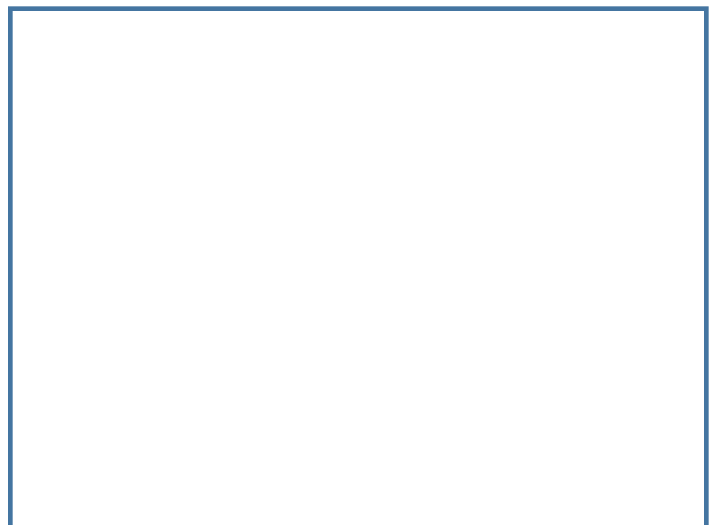

Because God loves ALL his children, he asks us to love others too.

Draw a picture of a way that YOU and your family (or your class at school) are loving God's children—whoever they are.

We have a guest today! Pastor Reggie will be bringing God's Word from John 1 today—talking about John the Baptist.

What's something that surprised you about the story?

Tuesday is Valentine's Day. Remember that GOD loves all his children—and he calls YOU to love others too.
